CANADIEN GOALIE RULED OFF; HAWKS WIN, 2-1

MAROONS VOTE SAM HORWITZ MOST VALUABLE

Elect Birney 1932 Grid Captain.

The University of Chicago football team yesterday named Capt. Sam Horwitz as its most valuable player of the 1931 season, thereby adding his name to the list of nominations for THE CHICAGO TRIBUNE'S award to the Big Ten player of most value to his team. The selection of Horwitz was unanimous.

Don Birney, blocking back from Grand Island, Neb., was elected captain of the 1932 Maroon team at the same meeting.

The choice of Horwitz as the greatest team player of the Maroons is considered an especial honor on the campus, where individual brilliance has always been subordinated to the coordination of the whole squad's efforts. For three years Horwitz has been rated, on solo performance, good enough to make anybody's line.

From Englewood High.

The Chicago captain, coming to the university from Englewood High, made the varsity in his sophomore year and played more than two-thirds of the game time in the season of 1929. He came in for praise when he blocked two Indiana punts that year, one of which led to a touchdown which gave Chicago its first conference victory since 1927 and its last as to the Illinois game this year.

Horwitz likes the game and yesterday recognized that he enjoyed conference games more than others. Purdue is his favorite opponent, and he believes that he has played his best games against the Boilermakers. During the last two years he has missed only one game, that with Indiana this year, when he was injured.

Birney a Fighter.

Don Birney, the new captain, is one of the most popular players on the squad because of his enthusiasm and fighting spirit. He played about half the time this season, after winning a minor letter last year. He alternated at quarter back, half back and full back. While he seldom carries the ball, he is a good blocker, strong defensively, and a fair punter.

Like Horwitz, Birney will be a beginning law student next year. He came to the university on a scholarship and is a good student. He is a roommate of Harry Ashley, captain of the basketball team, at the Phi Kappa Psi house.

Birney weighs 180 pounds and is 6 feet 11 inches tall.

Birney's election was not of the largest field of nominees in Maroon history. The last two to fall in the elimination were Keith Parsons, center, and Bert Cassels, tackle, whose letter was a "C" man before him.

Award 17 Major Letters.

Seventeen major letters for football were awarded to Maroon players yesterday by the University of Chicago board of physical culture and athletics. Eight minor awards were announced.

The announcement of letters was made last night at the annual dinner for the Maroon team given by the Fifth Street Business Men's association at the Shoreland hotel.

The award of major letters was as follows:

BACKS—Donald Birney, Charles Bussell, Vince Schiltz, Paul Biagi, Allan Summers, Joseph Trzupek, Robert Wallace, and Peter Pappas. END—Pompeo Tolgo, Rory Wade, and Bernard Wise. TACKLES—Willian Cassels and John Sommers. GUARDS—Sidney Hamburg and Samuel Horwitz. CENTERS—Keith Parsons and Raymond Sauer.

All of the group but Birney, Parsons, Spearing, and Tolgo are residents of the Chicago area. The eight minor letters went to Warren Bellstrom, William Berg, Carl Gabel, George Mahoney, Wayne Rapp, George Schaur, Robert Shapiro, and Frank Thompson.

Alfred Kelly, captain of the cross country team, was awarded a major "C."

BY CHARLES BARTLETT.

Remember way back to last Sunday night, when the Chicago Blackhawks lost to the New York Rangers, 5 to 0, and made a very sorry show of themselves while doing it?

Well, just forget about it and start remembering right now that last night the Hawks defeated the Canadiens of Montreal, the world's champions themselves, 2 to 1, before 10,000 at the Chicago Stadium.

It was a sweet victory for the Chicagoans, for they have bitter memories of the Canadiens, who defeated them for the world title in the Stanley Cup series last spring, after they had battled through five games. In addition it dispelled all thought that the Hawks have slipped, for they played their best hockey of the season, making the Frenchmen look anything but champions.

Put Goalie Off Ice.

Incidentally, the game produced the strange spectacle of a goaltender languishing in the penalty dungeon. The culprit was none other than the nonchalant George Hainsworth, and his tenure on the little red bench led to the winning goal. George was made to sit in the corner after tripping Vic Ripley with about three minutes of the game to go, and Battleship Leduc, minus the usual padded chaps, took his place. The Hawks avenged Ripley's departure by driving home a goal in about thirty seconds, Tommy Cook doing the deed.

The first period ended in a scoreless tie, but the Hawks returned in the second and Ripley scored on a rebound of a shot by Thompson off Hainsworth's club. It looked as though they would hold that lead throughout, but Howie Morenz, the champions' Babe Ruth, dashed down the ice with five minutes of the game remaining and scored all by himself.

Hawks Dog Morenz.

This was one of the few creditable performances submitted by Monsieur Morenz during the evening, for he seemed somewhat indisposed during the first two periods. Then, too, Taffy Abel and Cyclone Wentworth offered him a debate every time he neared the goal and when he did elude them, Gardiner was there to continue the dispute.

The Frenchmen began the argument as though they had ideas about building up a five goal lead in the first ten minutes, but the Hawk defense, with Taffy Abel doing most of the work, stopped them fairly well.

Gardiner was kept busier than

IT'LL BE CATCHER JOLLEY TO YOU, SOX ANNOUNCE

BY EDWARD BURNS.
[Chicago Tribune Press Service.]

West Baden, Ind., Dec. 2.—Smead Jolley, king of major league pinch hitters in 1931, is to be the White Sox first string catcher in the 1932 season.

News of this revolutionary decision became known at the minor league meeting today when President Lou Comiskey authorized a sporting goods house to have the enormous player surveyed for a bosom protector, shin guards, glove and mask. The item later was confirmed by Mr. Comiskey.

"We consider Jolley one of the most powerful hitters in baseball and we believe he can catch," Mr. Comiskey said. "We know he has a better arm than any catcher in baseball and he is more agile than Shanty Hogan, Ernesto Lombardi and several other big fellows who are successful catchers.

"Jolley's size at times has handicapped him in moving about the outfield, where Manager Fonseca will seek to concentrate the speed of his squad. At the same time we naturally want to use Smead's batting power.

He Has Caught Before.

"Jolley has done enough catching in the minors to show that he understands this department of the game and Fonseca is confident that the conversion of his batting star will be one of the most important steps in the strengthening of the Sox."

During the Sox pitcher famine during their second eastern trip last summer Jolley begged permission to pitch in turn and pitched daily in batting practice. Though sorely tempted, Donie Bush, then manager, would not take a chance in the fear that he would be accused of trying to kid his regular pitching staff, such as it was.

While Jolley's ambitions to become a pitcher will be further thwarted by this latest decision of the Sox, it is believed he will welcome the change. When Jolley becomes a catcher he will weigh in at almost twice the weight of Cracker Schalk when the latter first became a Sox catching star.

Yankees Want Frasier.

With Jolley out of the outfield picture, it now appears that the regular Sox outfield will embrace Manager Fonseca, Rookie Harold Anderson, and Carl Reynolds, if retained. Watwood probably will be first alternate and Mel Simons second alternate. Impending deals are not expected to add to the roster of outfielders, but one or two may go in acquiring two or three infielders.

Joe McCarthy, manager of the New York Yankees, who is here with Owner Jake Ruppert and Business Manager Ed Barrow, covets Vic Fras-

Cardinal Tells Aims of Catholic Youth's Tourney

BY FRENCH LANE.

Thirty-two boxers, the champions of their sections, and some 18,000 spectators yesterday were making preparations to move into the Chicago Stadium tomorrow night for the amateur boxing championships of the Catholic Youth organization.

While the movement of boxers and spectators toward the Stadium was getting under way George Cardinal Mundelein called a group of newspaper reporters into his usually inaccessible study at the chancery offices on North Wabash avenue and made a few remarks about boxing.

To hear some remarks about boxing and boxers in a thousand other places in Chicago would not cause any surprise. But when a dignitary of the Catholic church started talking about it that was something else again.

Just Neighborhood Kids.

Professional boxing and its million dollar gates of the past were not mentioned. Neither were the professional ring idols of this and other years. Just a lot of energetic kids of the great American melting pot, few of whose names are known beyond their neighborhoods, but who must find a way to work off excess energy, were the fellows whose connections with boxing caused this unusual talk.

"The church in these days, particularly in a big city like Chicago, must do some things we did not have to do a generation ago," Cardinal Mundelein said. "A generation ago, when a boy had passed through the parish school and had been confirmed, we felt that we had properly prepared him for life, and our special responsibility concerning him ceased.

Recreation a Problem.

"But today we must build high schools to receive him and now we must even supervise his recreation. Otherwise he may come under influence and enter into surroundings that may quickly undermine and destroy what we have built up in his soul and in his character. That explains why we have entered into the Boy Scout movement, why we have the Junior Holy Name societies with their baseball and basketball leagues. That will explain, too, the boxing tournament of the Catholic Youth organization.

"Now, we might as well admit that a growing healthy boy takes as naturally to boxing as a puppy does to romping. We have all gone through it, some of us more, some less, according to temperament. Mothers for generations have tried to suppress it and haven't succeeded. The church doesn't try. Rather we are trying to control it, to teach boys that there is a time and a place for it, and a method in doing it.

Cites Proper Supervision.

"If done properly, it certainly helps to develop the boy, it makes him alert, manly, and courageous. Moreover, everybody will admit, I think, that if a boy is going to box, it is better for him to do it under our auspices and under the watchful eye of his priestly friend and superior than in back of a speakeasy, in the alley, or cellar of some club and in the midst of a gang of rowdies. There is another reason for our interest in this tournament and others that may follow.

"When I was a boy I constantly heard repeated the phrase, 'the manly art of self-defense.' We have not heard that so often in late years.

"A great war came along and we put guns in the hands of boys and a race of gunmen has come into being. Crimes of violence have become common, of hourly occurrence.

"The church here in Chicago is taking this new generation by the hand and leading it back to the ideals of our fathers. We are trying to teach them to use the weapons God gave them to defend themselves, and to use them only for defense. Any coward can shoot another in the back with a gun, but it takes quick thinking, clear vision, and real courage to defeat an adversary with one's hands."

Boxers Continue Drills.

Many of the boxers who were unwilling to take any chance on making weight engaged in serious drills yesterday. All of them will work again today. The members of the four teams, all apparently in fine condition, and a group of prominent Chicagoans were guests of Bishop B. J. Sheil at dinner at the Lake Shore Athletic club last night.

Judges and referees for the tournament were also announced as follows:

Referees — Phil Collins, Tommy Thomas, Tommy Gilmore, Johnny Behr, Norman McGarrity and Jabber Young.

Judges—Ed Klein, Rube Metz, Ed Hintz, James McManus, L. A. Osborne and R. H. Bell.

N. U. HEAD DENIES FOOTBALL MAKES JACK A DULL BOY

A sweeping denial of charges that intercollegiate football is becoming mercenary, that undergraduate players are being subsidized and that the game detracts from the educational value of campus life, was made by Walter Dill Scott, president of Northwestern university, in an address before the Chicago Association of Commerce at a luncheon yesterday noon at the Hotel La Salle.

Players and coaches of the Northwestern football squad were guests.

Answering one complaint against football after another, as set forth by its opponents, Dr. Scott showed by statistics that members of the Northwestern eleven, which tied this year for the Big Ten title, rank as high as a group as any other student body on the Evanston campus.

Fatalities Are Rare.

In answer to the complaint that football is too hazardous for college youths, Dr. Scott said: "For 40 years I have been a faculty member of the Western conference. In all that time there has not been a single fatality or an accident involving serious injury to any of the thousands of young men who have played on the Big Ten teams.

"As for athletics hurting scholastic endeavor," he continued, "many of the most outstanding figures on our Northwestern faculty were college players of stellar rank in earlier life. Instead of being hurt by competition, these professors gained in their sports a more practical understanding of the human equation."

Griffith Attacks Foundation.

Maj. John L. Griffith, athletic commissioner of the Big Ten, who also spoke, attacked the Carnegie foundation in the comment, "One of the investigators of the Carnegie foundation in a recent pamphlet on football said, 'There is no such thing as playing football. For the college student who goes in for gridiron activities it is all drudgery and no play.'"

"What can you expect from such criticism," Maj. Griffith said, "when you find that this critic never played any football himself and thus has scant knowledge of the feelings or manners of the real players?"

Kenneth L. Wilson, athletic director of Northwestern, said that profits derived from football at Evanston last year paid for all other physical education activities, enabling 92 per cent of the student body to participate, without additional cost, in some form of body building sport.

Fete Purple Squad Saturday.

Northwestern's 1931 football team will make its final appearance of the year at the annual football dinner to be given by the Northwestern Alumni club of Chicago at the Stevens hotel Saturday night. Twelve hundred alumni will help celebrate the second year in succession that the Wildcats have tied for the Big Ten football championship.

The captain for next year will be elected and letters and gold footballs awarded to members of the squad. Guests will include President Walter Dill Scott, Arthur Andersen, president of the board of trustees, and William A. Dyche, business manager of the university. Harvey T. Woodruff of the sports staff of THE CHICAGO TRIBUNE will be one of the speakers.

Fordham Tackle Dies of Injury in Bucknell Game

New York, Dec. 2.—[Special.]—Cornelius Murphy, one of the three Fordham football players who were injured in the game with Bucknell on Nov. 21, died in Fordham infirmary today.

Murphy died of a blood clot on the brain. An autopsy was performed at the Fordham morgue by Dr. Charles Norris, chief medical examiner. He said that the discoloration of the scalp revealed that Murphy had suffered a heavy blow during the game which ruptured a blood vessel on the right side of the head above the ear.

"A clot of blood, which weighed about two ounces, immediately formed," said Dr. Norris. "This prevented a hemorrhage in the brain. This rupture was healing very rapidly when the weight of the brain on the clot caused a rerupture, with a resultant hemorrhage which was the immediate cause of death."

Murphy is the second player on a major team to die this season because of injuries received while playing. Richard B. Sheridan, West Point cadet, was carried off the field of the Yale bowl on Oct. 24 with a broken neck. The death of Murphy is the 29th attributed directly to football injuries since the start of the 1931 season.

ASK 25 MILLIONS FOR WILD FOWL FEEDING GROUNDS

New York, Dec. 2.—(AP)—The American game conference adopted a resolution today creating a committee of five to plan ways of raising $25,000,000 to restore nesting and feeding grounds for wild fowl.

Otto Leopold, chairman of the American game policy committee, pointed to a shortage of water fowl and recommended that large areas formerly used for nesting and feeding be restored.

The object is to reconcile conflicting opinions. The game association has suggested raising the money by levying a $1 federal tax on hunters of migratory water fowl. The More Game Birds in America foundation has urged a tax on gun shells.

Adolph Miller, Pennsylvania game commissioner, headed a minority opposing the committee appointment. He demanded a straw vote on the shell tax proposal, declaring it would hit others besides hunters of water fowl.

PLA-MORS BREAK TIE TO CONQUER SHAMROCKS, 2-1

Kansas City, Mo., Dec. 2.—(AP)—The Kansas City Pla-Mors defeated the Chicago Shamrocks, 2 to 1, tonight to climb into a second place tie with Duluth in the American Hockey league.

It was the fastest game here this season, the Pla-Mors pitting their defense against the speed of Chicago's three forward lines. Kansas City opened the scoring after 4½ minutes of play in the first period when Goodman fired into the net after taking McKinnon's pass.

A minute later the Shamrocks tied the count when Preisanik took Wiseman's rebound and propelled it past Goalie Levine, who had been drawn away from the cage by Wiseman's shot.

Early in the final period the Pla-Mors drew ahead, with Halderson scoring on Mitchell's assist. After that Kansas City fell back on the defensive, against which Chicago sent four and five men.

With three minutes to go, Campbell was sent to the penalty box, but the shortage of men on the ice did not prevent Kansas City from withstanding the thrusts of Chicago's fresh forward line of Preisanik, Wiseman, and McKenzie.

Karakas, Shamrock goalie, was outstanding in the first period when he succeeded in repelling repeated thrusts of the Pla-Mors. Lineup:

Fails to Make Football Team; Boy, 13, Is Suicide

Lafayette, Ind., Dec. 2.—[Special.]—Because he failed to make the football team at Longlois grade school, where he was a 7-A pupil, Joseph L. Johnson, 13 years old, killed himself with a shotgun today. He was found dying in the attic of his home and at first it was believed he had been shot accidentally. Later a note was found in his room, saying he didn't want to live because he had failed at football.

Unanimous. That's the way University of Chicago squad voted yesterday in naming Capt. Sam Horwitz, guard, most valuable. He is a graduate of Englewood High.

MARYLAND TURF GROUPS SELECT '32 RACING DATES

Bowie to Open Sport on April 1.

Baltimore, Md., Dec. 2.—[Special.]—With the 1931 turf season now history, the managements of the four major and the minor tracks in Maryland have virtually agreed on their 1932 racing dates. These dates will be submitted to the Maryland racing commission for ratification or rejection. When all tracks agree, the commissioners approve the dates merely as a matter of form.

About every fifth year or so the calendar isn't right for consecutive spring dates, and usually an open day or two falls between Bowie, which always opens the season, and Havre de Grace. That is true again for 1932.

Bowie is slated to start the eastern turf season by opening on Friday, April 1, and closing Wednesday, April 13, using eleven days. If the Bowie management should decide that Saturday, April 2, would be the better date to open, it would not interfere with present plans.

Havre de Grace will begin Saturday, April 16, and run through Saturday, April 30. Pimlico is listed to open Monday, May 2, for twelve days, closing on Saturday, May 14.

N. Y. ENTRIES INCREASE

New York, Dec. 2.—[Special.]—The upswing in racing, which has been noticeable particularly in Maryland in the past few months, where attendance and wagering figures exceeded those of 1930, now is reflected on the New York circuit in the shape of entries for forthcoming stake races. Victor Schaumburg, racing secretary at both Belmont park and Saratoga, the two largest New York tracks, said today that there was no doubt that entries for stakes which closed Dec. 1 last would exceed those of a year ago.

Twenty-two stakes to be renewed at Belmont park which received a total of 3,180 entries in 1930 already have received 3,050 entries up to today. Mr. Schaumburg states that the reasonable expectancy from such districts as New Orleans and Texas, which have not yet been heard from, will push the present figures well ahead of a year ago.

The Saratoga stakes, for which entries closed last Tuesday received 1,310 entries in 1930 and up to the close of business today 1,763 had come in. The stables and districts as yet to be heard from ought to put this total close to 2,000, Mr. Schaumburg believes.

LAYTON, LAURI ARE BEATEN IN TITLE BILLIARDS

Philadelphia, Pa., Dec. 2.—(AP)—Two newcomers in title tournament play stepped into the limelight of the world pocket billiard championships today with victories over a former world champion and the holder of the tourney high run record.

Al Miller, Racine, Wis., emerged from a 29 inning match with a 125 to 110 victory over Johnny Layton, Bedalia, Mo., ex-champion, while George Kelly, Philadelphia, had less difficulty with Onofrio Lauri of Brooklyn, who Monday set a tournament record with a high run of 85. Kelly won, 125 to 75, in 11 innings.

Miller and Layton played 2 hours and 20 minutes before their match was decided. Each held the lead at intervals until the twenty-sixth inning when Layton left his opponent in the open with five balls scattered and Miller made his high run of 29. Layton's best run was 24.

Kelly, in scoring the second upset of the day, stepped away to an early lead but failed to hold it. In the 10th inning the score was tied at 75. Kelly in the next frame clicked his high run of 35 and was never headed. He made the best record of the tournament by scoring in every inning but one. Lauri's best run was 40. Point score:

BADGER COUNCIL DELAYS VOTE ON THISTLETHWAITE

Complete Shakeup Is Predicted.

Madison, Wis., Dec. 2.—[Special.]—The status of Glenn Thistlethwaite, head football coach at the University of Wisconsin, was unchanged tonight following a six hour joint session of the athletic council and the board of regents. Further action will be taken at a meeting next Wednesday.

It has been rumored for weeks that Thistlethwaite is to be asked to resign and some ten or eleven men have been mentioned as possible successors. Among these were H. O. [Fritz] Crisler, head coach at the University of Minnesota.

Dorais Guest of Regent.

Charles Dorais, football coach at the University of Detroit, was a guest of a member of the board of regents today but has not been mentioned as a candidate for the Wisconsin position.

It was reported after the meeting that the entire athletic department, from Director George Little down, was submitted to a critical review and that a wholesale shakeup is probable.

President Glenn Frank of the university attended but had no comment to make.

A new development entered the Thistlethwaite situation today when it was learned that the football coach has been made a full-fledged professor and as such may not be dismissed unless gross incompetence is shown.

Council's Authority Is Limited.

The athletic council controls Thistlethwaite in his coaching capacity but it has little to say where Prof. Thistlethwaite is concerned.

Rumors persist that Thistlethwaite's dismissal already has been decided. It also has been announced that Director of Athletics Little has recommended that Thistlethwaite be dropped but information coming from the council indicates that Little's job is as insecure as the coach's. Little and Thistlethwaite each get $8,000 salaries.

Any recommendations that the athletic council makes will be to President Frank. He will make recommendations to the regents, which may or may not conform to those of the council, and then the regents will have the final action.

Franklin S.C. Derby Test for Title Aspirants

The task of picking the city ice skating champion this winter will start within the next few weeks. The opening Derby of the season, the Franklin Skating club's meet on Dec. 27, is a little more than three weeks away, while the city title meet will be held at Mills stadium on Jan. 3, under the auspices of the Norwegian American A. A.

Mitchell Holds Title.

The present titleholder is Wally Mitchell, who won his crown in 1929 in a thrilling upset defeat of Frank Stack. Last season the city meet was postponed because of bad weather.

To be the Chicago champion is the ambition of every boy from the time he enters his first race. This year a boy in his teens may win it. That boy, graduating into senior competition for the first time, is Eddie Stundl, who, like Eddie Schroeder, another Chicago star, is one of the smallest skaters in the country. Stundl is 18 years old.

Stundl has been training all summer and fall for the coming winter events. He has strength and stamina and one of the most effective styles on the ice, patterned somewhat after that of Frank Stack, national champion.

Stundl Has Good Chance.

With Stack representing Canada and Eddie Schroeder, Wally Mitchell, Oneil Farrell, Al Kucera, Bill Minster, and Eddie Murphy representing the United States in the Olympic competitions in the east, Stundl's chances for victory are materially increased.

Because of his youth, Stundl will not be favored to defeat such veteran performers as Ray Wondra, Art Peters, Herb Knudten, and others, but may figure in an upset victory.

Kipke, Yost to Speak at Michigan Society Dinner

Coach Harry Kipke and Fielding H. Yost, athletic director of the University of Michigan, will be guests of the Chicago alumni members of Michigamua, University of Michigan senior society, at a dinner Friday evening. About fifty members are expected to attend and hear the discussion regarding the 1931 football season and prospects for the 1932 team at the Harvard-Yale-Princeton club.

Sukeforth Quits Hospital; Expects to Catch in 1932

Cincinnati, O., Dec. 2.—(AP)—Clyde Sukeforth, Cincinnati Reds first string catcher, accidently shot in the right eye while hunting, was discharged from a hospital today and said he believed he could play ball next spring. Sukeforth was wounded Nov. 14, the first day of the rabbit season.

Gophers Name Hass Captain of Grid Team

Minneapolis, Minn., Dec. 2.—[Special.]—Walter Hass, 165 pound right half back from Holstein, Ia., will captain the Minnesota football team in 1932.

Announcement of Hass' selection was made today by Head Coach Fritz Crisler at a student meeting at which the names of letter men were announced and the football season officially closed with eulogies of his players by the coach.

Jack Manders, full back, and Pat Boland, tackle, were the other players to receive votes from their teammates.

First Year as Regular.

Hass is a junior in the college of physical education. This is his second year on the squad but his first as a regular. He distinguished himself this year by his blocking. Although he carried the ball only eight times, his average yardage was 8.5, the highest of any player on the squad.

Crisler announced 26 letter winners today as follows:

Clarence Munn, Pat Boland, Pete Somers, Walter Hass, Marshall Wells, My Uhl, Allen Tvetter, Lloyd Stein, Sulo Koski, Erwin Dillner, Jim Dennerly, Sam Swartz, George Champlin, Earl Nelson, Kenneth Gay, Howard Krell, Ron Oen, Jack Manders, Elsworth Sarpole, Lloyd Kriber, Harold Anderson, Gerald Griffin, Al Kreszowski, Kenneth MacDonnell, Harold Robinson and James Kaminsky, student manager.

High Praise for Munn.

In his final talk to the football squad, Crisler praised the 1931 captian, Clarence Munn, highly.

"Munn is the finest guard I have ever looked at on a football field," said the coach. "He not only did everything that any guard ever did on defense, but he kicked as no Minnesota man has kicked in many years, and he passed and ran with the ball. Clarence Munn will go down in Minnesota history as one of her immortals."

KWARIANI MEETS LOU PLUMMER IN MAT BOUT DEC. 11

Kola Kwariani will meet Lou Plummer in Promoter Doc Krone's heavyweight wrestling show at the Coliseum the night of Dec. 11.

The bald headed Russian lost to Rudy Dusek in a finish battle after winning the first hold, but claims that an injury to his shoulder when he fell out of the ring weakened him and made him a victim of the Omaha lad's famous split hold. Kola wants another chance at Dusek.

Krone still is seeking an opponent to meet Dusek in the main event, which will be two out of three falls to a finish.

Jim McMillen, popular ex-Illini football star, is in the semi-windup against Gino Garibaldi, powerful Italian who has not been beaten here this season.

Mayor Cermak to Present Cup to Soccer Victor

Mayor A. J. Cermak will present the Cermak cup to the winner of the Scandinavian-Bohemian soccer game in the final of the annual international series to be played at Sparta field, 21st street and Kostner avenue, Sunday. Secretary W. R. Cummings of the Illinois Soccer Football association said last night.

Savoldi Pins Santon in One Fall Match

Columbus, O., Dec. 2.—(AP)—Joe Savoldi, former football star at Notre Dame, defeated Charlie Santon, St. Louis, in a one fall match here tonight. Savoldi weighed in at 211 pounds, nine pounds less than Santon.

SONNENBERG WINS.

Worcester, Mass., Dec. 2.—(AP)—Gus Sonnenberg defeated Lee Wykoff in three falls here tonight, winning the first in 25:11 and the third in 14:16. Wykoff took the second in 7.50.

In the WAKE of the NEWS

CHARITY SPORTS.

THE Wake was considered churlish by several readers when we expressed the opinion some weeks ago that charity sports, simply because held for the benefit of charity, would not draw crowds or net important profits. Our contention was there must be a "show" to attract the public.

For any and all national or local emergencies, in cases of need by well known characters, it has for years been customary to call upon various athletic teams or the theatrical profession to appear in charity or benefit performances. Response always has been generous by participation on the part of actors and sporting men. Often they have donated cash in addition to their presence. Thereafter it was up to the public.

Seldom is the public deprived of opportunity to contribute largely to charity. We see $16,000,000 being raised in Chicago for unemployment. Nearly every one in some way has contributed to that fund or other organized charities performing relief work.

Sports events for charity depend for financial success upon a large number of spectators or large number of purchasers of tickets at a comparatively small price per unit. There have been so many of these events that it has become increasingly difficult to sell tickets unless an actual attraction is offered.

Take the charity football games in which all ten conference elevens participated. We doubt whether net profits, to be apportioned among seven state funds, will reach $150,000. True, that is a considerable amount, but consider that many single games exceed that sum and that almost any good game in a center of population equals it.

Northwestern and Purdue drew the largest crowd because there was a title in the balance. Minnesota and Ohio State were next because Minnesotans wished to see their strong team perform again. Attendance at Michigan vs. Wisconsin was negligible because there was no Michigan demand for the game. Four other elevens at Stagg field drew only a scant crowd. In Boston one charity affair netted a deficit of $21,000. Postseason charity football games, the country over, were notably disappointing in crowds.

Results, we think, prove our statement there must be an attraction to get out spectators, even in the cause of charity. This contention is not intended churlishly, but simply for the guidance of those seeking to promote such affairs.

The Danger.

Gypsy autumn came to town!
You will find her dancing
In her ragged russet gown
Where the leaves are prancing.

Where the trees shake golden heads,
Where the lake is gleaming,
Where the sun is gold and red,
And the earth is dreaming. . . .

Hear her tinkling tambourine!
See her dark hair blowing
As she whirls through the ravine. . . .
Hurry! She is going!

Boston, Mass., Dec. 2.—(AP)—Lou Brouillard of Worcester, welterweight champion of the world, knocked out Bucky Lawless of Syracuse, N. Y., in the third round of a nontitle bout here tonight. Lawless was down once in the first round, and once in the second before the finishing blow.

PIRONNE WHIPS WILLIAMS.

Ashtabula, O., Dec. 2.—(AP)—Paul Pironne, Cleveland middleweight, won a decision over Sonny Jim Williams of California here tonight in the eight round feature.

YALE CUTS 1932 GRID SEASON TO SEVEN CONTESTS

New Haven, Conn., Dec. 2.—(AP)—Yale will play only seven football games in 1932, compared to eight this season and nine last year. The schedule announced today contains an open date Nov. 5, the week before the Princeton game.

Athletic officials indicated the shortened season was arranged primarily to stop criticism that Yale frequently has played a comparatively weak team as a "breather" before the Princeton and Harvard battles.

The schedule:

Oct. 1—Bates.
Oct. 8—Chicago.
Oct. 15—Brown.
Oct. 22—Army.
Oct. 29—Dartmouth.
Nov. 5—Open.
Nov. 12—Princeton at Princeton.
Nov. 19—Harvard.

Hainsworth in Penalty Box as Hawks Win

[Continued from first sport page.]

Hainsworth in the early part of the period. Morenz and Joliat darting in for several quick shots.

Burke and Syl Mantha repelled the Chicago offensive with little difficulty until the Hawks began to switch their forward lines, and the first of these, the Ripley-Thompson-Lowrey trio, nearly caught Hainsworth napping, a long shot by Thompson shortly after he entered the game just being stopped by George's skates in front of the goal.

Meantime the Canadiens were doing a bit of skating themselves, and a front line composed of Lepine, Wasnie, and George Mantha began to worry Gardiner no little. Lepine took the puck, skated back of the net, and made a perfect pass out, but Wasnie was too busy with Abel and Wentworth to make the shot.

Near the end of the period the Hawks sent in five forwards—Cook, Ripley, March, Adams, and Gottselig—but Hainsworth stood them off, even though he was compelled to make fourteen stops for the period, against Gardiner's twelve.

Thompson Scores.

The Blackhawks' hard luck in connecting during the first period was more than made up for with a goal in the first five minutes of the second session. Both teams started their ablest forward lines, but it took the Ripley-Thompson-Lowry trio to send the home folks into a frenzy of cheering.

The Hawks had the puck in the Frenchmen's territory almost from the start of the period, and Thompson finally pushed it toward the goal from about 30 feet out. It looked like an easy save for Hainsworth, but bounced off his stick, and Ripley, following through, caught the rebound and drove it into the net over the recumbent goalie. It took just four minutes and thirty seconds to accomplish the deed.

The Canadiens then began to live up to their reputation as flying Frenchmen, but the Hawks stayed right with them. Lepine, Morenz and Joliat were dashing in for an occasional quick shot, but all for naught.

The contest grew somewhat rude in the last ten minutes of the period, and there was much jostling and bumping along the sidelines. Six penalties were called.

Morenz Ties Score.

The Blackhawks came out for the third period apparently prepared for an onslaught of Canadian rushes, and they were not mistaken. The Montreal skaters got down to the business of scoring a goal, but couldn't quite close the deal, what with the stubbornness of the Hawk defense.

At the start of the period Morenz gave a couple of shows of his own for the first time in the game, streaking down for several solo shots, but Gardiner was not hard put to dispose of any of them.

He finally came through, however, with his specialty to score the Canadiens' first goal and tie the score. Going down the left side of the ice with no escort, he came up to the Hawk goal, drew Gardiner out and slammed the puck into the net. It took him 15 minutes and 20 seconds.

With three minutes left to play, Ripley took a shot at the goal and was tripped by Hainsworth on following it in. He struck the boards with a crash, slumped to the ice, and was carried off. Hainsworth was given a two minute penalty.

Leduc took his place in the Canadiens' goal, thus giving the Hawks their opportunity to score the winning goal. Tommy Cook drove it home shortly after Hainsworth's banishment, following a combination pass from Gottselig and Adams. It came two minutes after Morenz' goal.

Cormorants and Red Wings Show Off for Hunters

BY BOB BECKER.

During the recent waterfowl season in Illinois two species of birds furnished no little amusement for us. They were the cormorant and the red wing. Both usually were in sight, and sometimes flocks of each interfered with the orderly flight of ducks over the marsh.

Early in November the number of cormorants in the marshes at Cuba island, below Havana, Ill., was nothing less than amazing. We do not recall seeing such large flocks in former years. One morning shortly after sunrise we watched them flying over our blind and the procession lasted for several minutes. We tried to compute the number in this march and finally estimated that there were more than 2,000 of these long necked fish eaters in the parade.

The flock, apparently, roosted in a stand of tall, dead trees at the north end of the marsh. From this location they flew southeast every morning. Late in the afternoon we watched them assemble for the night. Their chorus of off key notes furnished a harsh background for the melodious calling of the waterfowl.

On just one occasion did we see a cormorant decoy to a stool of blocks. This incident occurred on our last trip to Cuba island. The bird was attracted to our stool of about 20 blocks, came in easily, and plunked down among the decoys as if eager to find some company, no matter what the birds were.

But by far the most spectacular show which the cormorants (sometimes called bull geese, water turkeys, or nigger geese) put on for us happened one quiet, warm morning early in November. Our attention was called to the birds because about 300 of them broke their V shaped formation and then started climbing toward the clouds in a big circle.

One leader kept taking them higher in wide arcs until the birds looked no bigger than sparrows. It was a beautiful sight in the bright morning sunlight as the dark colored birds went higher and higher, now soaring and then pushing themselves skyward with their big wings. This evolution was done not for fun.

It was the preliminary movement to a migration hop southward. As soon as the birds had reached the required altitude the leader straightened out, his gang fell into line, and soon the whole flock was headed south in regular formation.

4 SILVER SKATES WINNERS ARE IN OLYMPIC TRIALS

Four of the six skaters who leave Chicago Saturday for Lake Placid to train for the Olympic trials at Newburg, N. Y., next month, are winners of The Tribune's Silver Skates Derbies.

Eddie Schroeder, O'Neil Farrell, Bill Minster, and Eddie Murphy have skated to fame after winning silver skates. The other two, Mitchell and Kucera, have been runners-up in the Silver Skates Derbies.

RIVALS FOR PREP GRID TITLE END HEAVY WORKOUTS

Harrison Tech, champions of the city high school football league, and Mount Carmel, champions of the Catholic league, went through their last hard workouts yesterday preparatory to their game for the city title Saturday at Soldiers' field.

Both teams sailed through their schedules with ease. Harrison scored 240 points to its opponents' 42, while Mount Carmel registered 154, against its opponents' 25.

Proceeds of the game will be given to the Emergency Relief fund of Cook county. A crowd of 25,000 is expected to watch the two elevens battle for the title.

Loyola opened its practice cage season yesterday by splitting a double header with Senn on the Loyola floor. Griffin led the heavies to victory, 28 to 22, by contributing eight points. Senn lights triumphed, 21 to 19.

St. Leo and Parker broke even in their practice games yesterday at St. Leo. For the second successive day Parker's heavyweight aggregation lost a close game. The score was 14 to 10. Parker lights eked out a 12 to 10 victory.

Marshall and Englewood basketball teams split a practice double header yesterday on the latter's floor. Marshall won the heavyweight contest, 22 to 19, while Englewood lights scored a 29 to 20 victory.

Gruenig's eight points enabled Crane heavies to beat Calumet, 30 to 15, yesterday at Calumet. Calumet had the lead at the half, but its defense was weak in the final period.

'Y' College Cagers Open with Elmhurst Tomorrow

NEW PRODUCTS HELD CURE FOR BUSINESS ILLS

Air Systems for Homes Cited as Example.

The end of the business depression and its unwelcome handmaiden, unemployment, through stimulation of the public's "jaded appetite" to buy new and needful products, was pictured yesterday by Prof. D. B. Keyes, head of the industrial chemical division of the University of Illinois. Prof. Keyes spoke before the annual convention of the American Paint and Varnish Manufacturers' association in the Drake hotel.

New products, which Prof. Keyes believes will furnish the medicine for ailing business are television, cheap and safe airplanes, a durable finish for the home which possesses the depth and luster of glass, and conditioned air for every dwelling, especially for hot weather.

"The public has not been offered during this depression," asserted Prof. Keyes, "anything of note that would stimulate its appetite to buy."

Air Systems Possible.

In introducing his discussion of conditioned air, Prof. Keyes said that summer climate in many parts of the United States was recognized as detrimental to health and happiness and lowers materially the efficiency of our labors.

"Conditioned air at the proper temperature and humidity is not an impossible development," said Prof. Keyes. "Comparatively little research would be necessary to produce a satisfactory unit that could be installed and operated at a reasonable cost during three months of the year.

"It is almost impossible to realize what a development of this kind would mean to the United States. Not only would it take care of the unemployment situation and bring back financial prosperity, but it would materially increase the health and happiness of the nation."

New Finish for Buildings.

Prof. Keyes revealed that research laboratories were experimenting on a durable finish for buildings, the ease of which need only be washed with a hose to bring back the original gleam like marble.

In the research worker and scientist, according to Prof. Keyes, can be found the impetus for the invention of new products which will in turn awaken public interest and turn the tide to prosperity. Industrialists are beginning to realize the value of research, the speaker declared. He pleaded that research work should be allowed to be settled out "unimpaired by the whims and vagaries of boards of directors who don't know what research is all about."

HOLD LAST RITES FOR GIRL VICTIM OF YOUNG SUITOR

Funeral services for Ruth Wirkland, 13 years old, 4158 Hoton avenue, a pupil of the Belding grade school, who was shot and killed by Henry Bio, 16 years old, of the same address, were held yesterday at the chapel at 3918 Irving Park boulevard. Bio, the girl's suitor, who killed himself, Hundreds of friends of the girl attended the services. Burial was in Irving Park Boulevard cemetery.

Services for Constance Tronton, 15 years old, a pupil at the Roosevelt High school, who was killed by Joseph Wilson, 18 years old, when the latter attempted to show how Ruth was shot, will be held today at noon from St. James Orthodox church, 4921 Wilmona street. Burial will be in the Mizwood cemetery.

DUKE SAILS FOR CUBA TO DIVORCE HIS RICH U. S. WIFE

Plans to Rewed After Tie Is Cut.

LONDON, Dec. 2.—(AP)—The duke of Manchester, who was married in 1900 to Helena Zimmerman, daughter of Eugene Zimmerman, Cincinnati banker, sailed today for New York on the way to Cuba, where he will seek a divorce.

DUKE OF MANCHESTER.

His departure surprised no one familiar with his marital affairs, for the duchess obtained a decree nisi in England last May. She failed to take action which would have made the decree absolute and the duke intends to start his proceedings on the grounds of desertion.

May Face Bigamy Charge.

It is an involved affair, however, for divorces granted in Cuba are not recognized in England, and if the duke should remarry after obtaining a Cuban divorce he might face criminal proceedings which would bring him to trial on a charge of bigamy.

This possibility does not worry the duke, who said before he sailed on the liner Berengaria that so far as he is concerned the status of a possible divorcee in the United States was more important than its status in England.

"None of my father-in-law's money concerns me," he said. "Whether or not my Cuban divorce proceedings are valid in England, they will be in the United States, and that is more important since they involve property belonging to my mother, Consuelo, duchess of Manchester, who was a Cuban."

Plans to Remarry.

It was understood that the duke plans to be married to an English woman if his pending suit is successful, but the name of the prospective bride has not been disclosed. It was said that the marriage, if it takes place, would be performed in Cuba.

The duke and the present duchess have two sons and two daughters.

Lord Hindlip, British War Veteran, Dies at Age of 84

LONDON, Dec. 2.—(AP)—Lord Hindlip, ends junior whip in the house of lords, died today at the age of 84. Lord Hindlip was aide-de-camp to the late governor of Victoria, Australia, and served in the South African war. He was a captain on the war office staff during the great war and was a chevalier of the Legion of Honor.

EDWARD HINES FUNERAL RITES WILL BE TODAY

Edward Hines, millionaire lumberman and philanthropist, will be buried in Calvary cemetery this morning following services at his residence, 1456 Ridge avenue, Evanston, and at St. Mary's Roman Catholic church, Oak and Lake streets, Evanston. Mr. Hines died early Tuesday morning in his home.

The church services will be at 10 o'clock. Msgr. Thomas V. Shannon, pastor of the Church of St. Thomas the Apostle, will celebrate solemn requiem mass. Assisting will be the Rev. F. J. Magner of St. Mary's and the Rev. Frederick Siedenburg, dean of the loop college of Loyola university. The Rt. Rev. Francis C. Kelley, bishop of Oklahoma, will preach the sermon. Admission will be by card. There will be twenty-one pallbearers.

Mr. Hines died in his sixty-eighth year. Surviving him are his widow, Mrs. Loretta O'Dowd Hines; two sons, Charles H. and Ralph J., and a daughter, Mrs. Howell H. Howard of Dayton, O.

PATRICK CONDON OF PARMELEE CO. TAKEN BY DEATH

Patrick J. Condon, former vice president and superintendent of the Parmelee company, died yesterday in his home, 1626 State parkway. He was 77 years old.

Mr. Condon rose from the ranks of the Parmelee company, by which he was employed for half a century, and during his term of service saw the baggage transfer business change from the era of horse drawn trucks and busses to automobiles. One of his last business acts was to establish baggage transfer relations with air lines entering Chicago.

He retired in 1929, at which time his son, Charles J. Condon, became president of the reorganized Parmelee Transportation company.

SCHACHT, NOTED GERMAN BANKER, SERIOUSLY HURT

[Chicago Tribune Press Service.]

SCHWERIN, Germany, Dec. 2.—Dr. Hjalmer Schacht, former president of the reichsbank, was seriously injured today in an automobile accident.

Dr. Schacht was motoring from Berlin to Rostock when his car skidded and turned over on the icy road as he was entering the village of Klink, near Waren.

Dr. Schacht was dragged out of the wreckage unconscious and rushed to a hospital at Waren, where he was found to be severely cut about the head and suffering from concussion and fractured ribs.

Memorial Services to Be Held for Dr. D. A. K. Steele

Memorial exercises for Dr. D. A. K. Steele, former dean of the medical faculty of the University of Illinois, will be held at the new medical and dental laboratory building of the university, 1853 West Polk street, at 4 p. m. on Dec. 11. Dr. Steele, who was one of the founders of the College of Physicians and Surgeons, later the College of Medicine of the University of Illinois, died last July 19. President Harry W. Deaths of a Day

IOWA CITY, Ia.—(AP)—J. M. Fisk, 56, superintendent of grounds and buildings at the University of Iowa, died. Fisk attended Purdue university, where he received a bachelor of science degree in engineering in 1898.

MARINE CITY, Mich.—(AP)—Capt. John H. MacDonald, 66, grand secretary of the International Shipmasters association, died. He had sailed on the great lakes for 40 years.

WATERVLIET, N. Y.—(AP)—Alexander H. Cockburn, widely known as a gun expert for the United States government, died.

Asks Receiver Be Named for Radio-Keith

Baltimore, Md., Dec. 2.—(AP)—J. Cookman Boyd, Baltimore attorney, acting in his own name as a stock holder, today filed suit in Circuit court here asking a receiver be appointed for the Radio-Keith-Orpheum corporation, one of the nation's largest theatrical enterprises. It is controlled by the Radio Corporation of America.

Boyd also asked the court to restrain the corporation and its officers from disposing of any assets, alleging mismanagement had placed the firm in a position where they might be dissipated unless the court acted. Judge Albert S. J. Owens gave the corporation until Dec. 22 to show cause why the receivers should not be appointed and the injunction issued.

Hiram Brown, president of the corporation, said in New York he had anticipated some such action from stock holders who were at odds with officials over a refinancing plan.

Owns 300 Shares.

Boyd, in his suit, said he was the owner of 300 of the corporation's 2,400,000 shares of outstanding class A, no par stock. Radio-Keith-Orpheum is incorporated in Maryland, and authorized to issue 4,000,000 shares of the class A stock.

The corporation was formed in 1928, began acquisition of theaters in all parts of the country, and engaged in a general theatrical business. It purchased chains of theaters in Cincinnati, on the west coast, New York, and in Ohio, Indiana, Kentucky and West Virginia.

Through affiliation with a holding corporation, it also controlled subsidiary organizations, and purchased the Pathe business, including its production plants and English branches.

Charges Mismanagement.

Boyd's suit alleged excessive prices had been paid for some of the theaters purchased, and that there had been other "wilful mismanagements." The action also charged the company's present condition, which was the subject of speculation in financial circles, "has been brought about by waste of the corporation's assets by payment of large and excessive salaries to its officers and employes, and the same has been characterized as woeful incompetence and wilful mismanagement on the part of the officers."

A meeting of stockholders of the corporation has been called for Dec. 10 here. Brown said today the refinancing plan called for issuance of $11,600,000 of debentures, to be underwritten by the Radio Corporation of America.

CANDY INSTITUTE IS ORGANIZED BY 65 CONCERNS

[Chicago Tribune Press Service.]

New York, Dec. 2.—Sixty-five of the country's leading candy manufacturers have founded the Candy Institute of America, an announcement by Joseph Gooch Jr., its first president, stated today. The purpose of the organization is to improve the general quality of candy, of which the American public consumes $200,000,000 a year, and at the same time to insure a reasonable profit from its sales, Mr. Gooch said.

"We hope through the group plan to make a start toward the setting of reasonable and sane standards of quality which could ultimately lead to a broad plan of certification," said Mr. Gooch. "Our first move will be to bring our members together in product groups, such as general line, package goods, licorice, caramels, penny goods, etc. It will be the first attempt in the history of the industry to handle cooperative work in this way."

Oregon to Drop State Tax on Real Property

Salem, Ore., Dec. 2.—(AP)—Taxes levied for state purposes on real property in Oregon will be eliminated next year, Gov. Julius L. Meier announced the change following a conference with the state tax commission.

Elimination of the tax, which will be for the first time in the history of the state, the governor said, will be possible because of receipts from intangibles, personal income, corporation and excise taxes, repeal of the one mill market road tax, waiver of the world war veterans' half mill tax and by substantial savings in the operation of various state institutions. The state levy on real property this year totaled $4,592,627.

Insurance Solicitor Seized; Charge He Misused Funds

Sam Brin, 30 years old, 1118 North Lawler avenue, an insurance solicitor employed by the Mutual Benefit, Health and Accident association, was arrested yesterday after policy holders had charged that he was appropriating premium payments to his own use. A complaint was signed by officials of the insurance company. Brin was arrested after a chase through office corridors by Sergts. John Walsh and James Zegar of the racket bureau of the state's attorney's office. He will be arraigned this morning before Judge Donald McKinley.

COMPARE COST TO BOOK VALUES IN INSULL QUIZ

Washington, D. C., Dec. 2.—(AP)—Instances of purported differences in listed cost and book value of properties involved in the acquisition of subsidiary companies by the Middle West Utilities company, Insull holding company, were cited in testimony before the trade commission today by Asel R. Colbert, commission examiner.

The examiner reported that, comparing the cost of the Central Illinois Public Service company to the Middle West with stated values in the company's accounts, on Sept. 30, 1930, the Middle West had paid $17,072,701, or $4,836,748 less than the stated value for 260,343 shares.

Of the Central Power company, operating in eastern Nebraska, he said it issued $550,000 par value of securities for only $334,135 aggregate par value of stocks, bonds and other indebtedness of the Grand Island Electric company or an increase in par value of securities outstanding of $215,864.

Another increase of $421,500 was reported in the sale of the properties of the Nebraska City Utilities company to the Central Power company in 1927. He testified securities which had cost $168,500 were set up to $600,000.

Colbert also reported on the Central and South West Utilities company, a holding corporation organized by the Middle West in 1925 to take over its interests in the southwest.

He said the Middle West company, in organizing the Public Service Company of Oklahoma, realized a book profit of $59,260 based on values assigned to the securities received, and also held $500,000 par value of preferred stock and $2,000,000 of common stock of the Public Service company of Oklahoma at no cost.

DEATH NOTICES

In Memoriam.

KADEN—Shirley Ruth Kaden. In memory of our beloved daughter and sister, who passed away four years ago today.
DADDY, MOTHER, SISTERS, BROTHER.

TIMM—Edna Amelia Timm. A tribute of love and cherished memory of my beloved daughter, Edna,
You stood in the doorway but yesterday.
Then life seemed alluringly bright,
We had planned a future together, dear,
Banishing the darkness from night.
Your sweet, sweet smile, your sunkissed hair,
And your "Hello, Mother, dear."
How can I live through the long, weary days
When you no longer are here?
HEARTBROKEN FAMILY.

WORLD—Mary Jane World. In fond memory of our dear wife and mother, who passed away three years ago today.

CANADIAN RAIL MEN BALK AT PAY CUT DECREE

Rock Island Omits Pfd. Dividends.

The situation with respect to the request of the Chicago and North Western railway that its union employés agree to a 15 per cent voluntary wage reduction retains in status quo. John McGuire, general chairman of the board of locomotive engineers for the road, yesterday said: "Each of the unions involved has its own methods of procedure, consequently none of us can speak for the others. As for the locomotive engineers, we are awaiting the outcome of the general conference and likely will abide by the decision taken then."

BY O. A. MATHER.

Developments in the railroad situation, both in the United States and Canada, again held the limelight yesterday. The gloom inspired by the overnight announcement that the Wabash railroad had gone into receivership was somewhat assuaged by announcement early yesterday that a reduction in wages of 10 per cent for Canadian railroad employés had been recommended by the board of conciliation following a 10 day hearing.

This decision was hailed as an indication that the American railroad unions, whose representatives will meet in Chicago next week, might agree to accept voluntarily a 10 per cent reduction, as the railroad presidents have proposed. But the early optimism, which was translated into an upturn in the securities markets, was dispelled later in the day.

In the afternoon came news that representatives of the Canadian unions had intimated to the Canadian government that they might not accept the wage reduction recommended by the conciliation board.

Rock Island Stops Dividends.

Almost at the same time this news came from Ottawa, the directors of the Chicago, Rock Island and Pacific railroad, meeting in New York, announced a suspension of dividends on the two classes of preferred stocks. The semi-annual dividends of $3 on the 6 per cent preferred stock and of $3.50 on the 7 per cent preferred shares were due at this time. This marks the first omission of preferred dividends since the shares were issued in 1917. The Rock Island is the third western railroad to discontinue dividends within the last two months, similar action having previously been taken by the Illinois Central and the Chicago and North Western railroads.

"It is with great regret that the directors decided to defer action on dividends on the company's preferred stocks," Charles Hayden, chairman of the Rock Island board, said following the meeting. "It breaks an uninterrupted continuity of dividends on these stocks since they were first issued in 1917. It is the belief of the board that the best dividend that could be paid to preferred stockholders at this time is to keep the company in strong financial condition.

Cites Conservation Policy.

"Pending the completion of negotiations for increased rates and decreases in wages, it seems the part of wisdom to conserve the company's cash position so far as possible until improved conditions manifest themselves in the railroad world.

"Moreover, during the last two years this company has been building a very fine low grade line into Kansas City, but in view of conditions in the bond market in the last year has not found it advisable to sell bonds for the purpose of paying for the cost of this construction."

CUT NOT ACCEPTABLE

[Chicago Tribune Press Service.]

MONTREAL, Que., Dec. 3.—The proposed 10 per cent cut in the wages of 26,000 union employés of Canada's two railway systems, which is recommended by a conciliation board, the recommendation being made public in Ottawa this morning, is not acceptable to the labor chieftains, and they so notified the minister of labor of Canada in a formal note sent from Montreal to Ottawa today by Hon. James Murdock, former minister of labor, and present spokesman for the unions.

The whole question at issue, Mr. Murdock said, will be referred back directly to the 26,000 employés directly affected. He added:

"An agreement was made between the men and the railroads for certain wage scales, and I cannot see how we can go ahead and accept the recommendations of the board for a cut without giving our men a chance to accept or reject their decision."

Wide Membership.

The organizations represented at this morning's conference include a membership extending from Vancouver to Sydney, according to Mr. Murdock. It is expected that the various locals will be asked to forward their replies by telegrams as soon as a vote is taken and the result known.

From present indications it is understood that the union leaders will stand firmly against any pay cut unless recommendations to the contrary are sent by the membership at large. If the cut of 10 per cent in question were enforced each railway company would save from $2,500,000 to $3,000,000 a year, or from five to six millions altogether.

Decision Not Unanimous.

The labor heads noted that the conciliation board's recommendation of a cut was not unanimous, J. M. MacDonell, chairman, and Isaac Pitblado, company representative, being for it, while the men's representative, Dr. J. C. Hemmeon, professor of economics at McGill university, entered a minority report opposed to the cut. He declared cuts did not bring back prosperity but hindered its return, and believed things were improving in Canada and shortly it would be seen that reductions were not necessary.

No danger of a strike is felt here. Queried tonight as to the possibility of a strike, Mr. Murdock would not hear of it.

Lower Aurora Rates.

[Chicago Tribune Press Service.]

Aurora, Ill., Dec. 3.—Freight rates on shipments east from Aurora were lowered almost 10 per cent today on order of the interstate commerce commission. The new tariffs will approximate those of Chicago. They were won by the Aurora Chamber of Commerce and the Fox Valley Commerce and Manufacturers association on a contention that Aurora was part of the Chicago metropolitan area, and was entitled to the rates of the dominating area. The lowered charges means a saving of thousands annually to shippers from the Aurora area.

Milk Cow Saves Day for Many Farmers of Middle West

BY SCRUTATOR.

Further evidence of the increasing importance of the milch cow in farm economy was presented yesterday at the annual meeting of the National Dairy council at the Palmer house.

With prices for practically all other farm products severely reduced milk and milk products have held relatively firm, due to a steadily increasing demand, and have saved the day for many a farmer, especially in the middle west. They have bolstered farm purchasing power and have enabled agricultural communities to carry on in the face of discouraging grain and live stock market conditions.

M. D. Munn, president of the National Dairy Council, presented figures showing that during the last ten years the per capita consumption of milk and its products in the United States has increased twenty-five per cent. In the same period total consumption has increased thirty-eight per cent.

Cites U. S. Figures.

He cited department of agricultural statistics indicating that while total farm income from other than dairy products dropped thirty-four per cent from 1926 to 1930 income from dairy products increased 2.9 per cent in the same period.

Stated in another way, sales of milk put $51,000,000 more in the farmers' pockets in 1930 than in 1925, whereas other farm products yielded $2,585,000,000 less in 1930 than in 1925.

There was a falling off of about 13 per cent in farm income from milk last year compared with 1929, but this drop was only about one-third the decrease in gross farm income from all other products.

Last year of every $100 of total farm income $19.16 was derived from the sale of milk. This compares with $18.11 per $100 in 1929 and $14.51 in 1925. In the last five years wheat has contributed only $6 to $8 of each $100 of total farm income.

Opportunity, necessity, and efficiency were given as the reasons for the continued increases in percentage of farm income from milk.

"Animal feeding grain," Mr. Munn explained, "is selling at the lowest prices in twenty-five years. For that reason the farmer finds it far more profitable to market his grains and feeds through the dairy cow than in any other way.

"Confronted with a market glutted with a surplus of products from which he derives a large portion of his income, he does just what any business man would do under similar circumstances. He directs his activities to the production of the one product for which he finds a ready market and the price for which has remained fairly steady.

"Since November, 1930, there has been an increase of 3½ to 4 per cent in the number of dairy cows, or an increase of 638,000 cows. A department of agriculture survey has revealed further an intention on the part of farmers to increase the number of cows during 1932 by developing heifers for milking purposes rather than sending them to slaughter."

Dairy Cows Increase.

Census figures show that from 1930 to 1930 the number of dairy cows in the United States increased only 4.1 per cent. In the same period, however, a milk production went up more than 38 per cent, evidencing the marked improvement in efficiency brought about by better breeding and feeding methods.

Warning farmers that any sudden increase in production would inevitably precipitate disturbing fluctuations in prices for dairy products, Mr. Munn recalled that in the fall of 1929 when a forty million pound butter surplus had accumulated, butter prices were forced down 29 per cent in ninety days, and prices of milk and cheese were severely affected.

MAY APPOINT RECEIVER FOR ANN ARBOR RY.

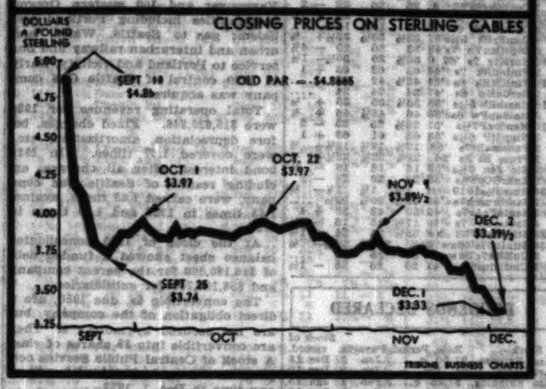
[Chicago Tribune Press Service.]

New York, Dec. 2.—Receivership proceedings for the Ann Arbor railroad, chief subsidiary of the Wabash railway, became a possibility today as a result of declaration of a receivership for the parent road. Application for appointment of an Ann Arbor receiver would be made in the federal courts at Toledo, in the view of those following the situation. The District court at St. Louis appointed a receiver for the Wabash on Wednesday and this action is to be followed by application for receiverships at other District courts, including New York.

The new legal status for the Wabash system may have its effect on the eastern consolidation situation, it was believed in railroad circles. Under the four party plan now before the interstate commerce commission the Ann Arbor would go to the Baltimore and Ohio railroad. A receivership for the Ann Arbor would apparently facilitate its acquisition under foreclosure by the B. & O. This was the method followed by the B. & O. in acquisition of the former Chicago and Alton property.

The Pennsylvania railroad now controls the Wabash through ownership of 49 per cent of its stock, but the former road has agreed to transfer the Ann Arbor to the B. & O. under the four party plan. The commission has cited the Pennsylvania under the Clayton anti-trust act for its acquisition of the Wabash and of the Lehigh valley, and presumably some solution of this case would have to be sought before the B. & O. could proceed to acquire the Ann Arbor. The plan left the Wabash proper in the Pennsylvania's position.

STERLING SINCE ENGLAND WENT OFF THE GOLD STANDARD



LATE SELLING HALTS SHARP RALLY IN STERLING EXCHANGE

[Chicago Tribune Press Service.]

New York, Dec. 2.—The break in sterling exchange, which had slashed more than 40 cents off the dollar value of the British currency in 8 trading days, was arrested today.

After breaking to a new low of $3.23 in London, the exchange rallied sharply to $3.45 with the opening of the New York market. The recovery was too rapid to be sustained, however, and selling by foreign interests eager to withdraw some of their balances from London at the first opportunity drove the price down later in the day to a close of $3.35¾, only 3 cents above the previous day's finish.

Today's wide fluctuations in sterling emphasized the narrowness of the current market for the exchange even more strongly than had the previous day's declines. Bankers here were unable to trace the movements to any particular influences, but continued to view the course of the exchange as a natural outcome of the suspension of the gold standard in England. Further wide swings are expected and little sustained recovery is looked for until after the seasonal pressure on the exchange has relaxed with the turn of the year.

MORE CONFIDENCE SEEN.

[Copyright: 1931: By the New York Times.]

LONDON, Dec. 2.—It was announced tonight that London banks have agreed to accept three month German renewal bills drawn now and therefore maturing after February 29, when the German standstill agreement expires. This is taken in some quarters as indication of increased confidence that Germany will find it possible to redeem such bills on maturity. At the same time it was reported that a bear attack on the dollar may be expected in the next few days.

Today the pound made a sharp recovery in terms of principal gold currencies, the New York rate finishing at $3.39, against $3.29½ Tuesday, and Paris at 86¾ francs, against 84½.

Blue Ridge Corporation Reports on Asset Values

Blue Ridge corporation announces in connection with payment of the Dec. 1 quarterly 6% dividend on the preference stock that the value of the net assets of the corporation on Nov. 25, 1931, taking listed securities [over 96% of total] at closing market prices on that date and the remaining securities at estimated fair value, and after deducting reserves, was equivalent to $59.73 per share of $50 par value preference stock outstanding in the hands of the public.

MERGE MUTUAL FIRE INSURANCE COMPANIES HERE

President James S. Kemper last night announced consolidation of the business of the Federal Mutual Fire Insurance company and the Twin Mutual Fire Insurance company following special policyholders' meetings of the two companies yesterday. The merger plan had previously received the unanimous approval of the two boards of directors.

JAMES S. KEMPER.
[Tiffany Studios.]

"This merger," said President Kemper, "will provide the policyholders of both companies with protection of larger assets and surplus, a wider distribution of liability and will make possible the handling not only of additional kinds but larger amounts of insurance for our policyholders. The consolidation will also make possible additional economies in operation."

The consolidated companies will be known as the Federal Mutual Fire Insurance company and will rank as one of the strongest mutual companies writing fire insurance and allied lines with more than $72,000,000 insurance in force. Executive offices of the new company will be in Chicago.

Assert Canadian Loan Will Be Oversubscribed

[Chicago Tribune Press Service.]

MONTREAL, Dec. 2.—Canada's national service loan will be 30 per cent oversubscribed, and will likely total $200,000,000, whereas only $150,000,000 had been asked from the people of the dominion. Authorities for the estimate are the Hon. E. N. Rhodes, acting minister of finance, and Sir Charles Gordon, president of the Bank of Montreal, and chairman of the loan committee. The two conferred here today.

I. C. C. SUSPENDS ORDER FOR RAIL RATE INCREASES

Certain Classes of Freight Affected.

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 2.—In a last minute decision made public just prior to the closing hour today the interstate commerce commission ordered suspended until July 2, 1932, the application of certain class freight rates prescribed in its decision in the eastern and western class rate cases.

The rates, which otherwise would have become effective at midnight on Dec. 3, provided in a majority of cases for increases over the existing rate level. The commission in its decision estimated that the new rates would result in an increase of $25,000,000 in the annual revenues of eastern carriers and of $12,000,000 annually in the west. The eleventh hour suspension resulted from numerous protests from various sections of the country following publication of the new rate schedules.

An investigation into the "lawfulness" of the suspended rates will be undertaken by the commission shortly, and, although the order stipulates that they remain ineffective until July 2, 1932, the rates may become effective or revised before that date, depending on the finding made in the inquiry.

Wool Rates Affected.

One of the suspended schedules proposed the revision of rates on wool and mohair in compliance with the commission's decision and affected shipments from points in the west to Baltimore, Boston, New York, Newport News, Norfolk, and Philadelphia. It was found the revision would also have canceled rates to other points taking the same rates or rate base.

Another rate adjustment growing out of the commission's original decision, which was suspended, was the establishment of joint through class rates between points in official and western trunk line territories.

It was discovered that establishment of the new rates would make inapplicable the so-called "combination rule" in the construction of through rates on plaster and plaster articles.

Pipe Increase Suspended.

Increased rates on lime between points in western trunk line territory were suspended, as were rates on iron or steel pipe and fittings shipped in carloads within the same area. The latter were to have been on a basis of 32½ per cent of the first class rate in substitution of commodity rates which they would have displaced.

Among other suspended rate schedules were a proposed cancellation of commodity rates on liquid chlorine in carloads between points in the Central Freight association and western trunk line territories in compliance with the commission's earlier decision and revised rates on potatoes in carloads throughout western trunk line and Illinois territories.

Lorillard Co. Places Stock on $1.20 Basis

[Chicago Tribune Press Service.]

New York, Dec. 2.—Directors of P. Lorillard company, large tobacco concern, today declared a quarterly dividend of 30 cents a share on the common stock, placing the issue on a $1.20 annual basis. This was a resumption of dividends on the common for the first time since June, 1927. The company stated:

"This declaration of dividend on the common stock was the restoration of the common stock to annual dividend basis of $1.20 a share." The statement added that it would be the desire of the directors at the end of each calendar year to pay an extra dividend on the common stock to the extent justified by the earnings of the company.

Municipal Service Co., a subsidiary of National Public Service Corp., declared a special dividend for the year 1931 of 50 cents on the common stock of Municipal Service Co. This dividend is in addition to the regular quarterly dividends, already declared, at the rate of $1.52 per share per annum, bringing total dividends declared for the year 1931 to $2.02. Municipal Service Co. is part of the Middle West Utilities system.

International Cement Corp. declared a quarterly dividend of 75 cents a share on the common, reducing the annual rate from $4 to $3.

Tri-continental corporation voted the usual quarterly dividend on its $6 preferred stock, but this was the first dividend to be declared on the issue since readjustment of surplus through replacing the $100 par on the stock with no par value. It was stated that income would be substantially in excess of dividend requirements for the year.

National Supply company omitted the quarterly dividend of $1.75 a share on the preferred due at this time. Directors of Rossia Insurance Co. of America deferred action on the quarterly dividend of 55 cents a share due at this time. The First Reinsurance Co. of Hartford, a subsidiary, also deferred action on the quarterly dividend.

BY FRED HARVEY.

[Chicago Tribune Press Service.]

New York, Dec. 2.—The share market had too much sour news to digest today. It strove manfully to shake itself together, but the Wabash receivership, the Radio-Keith-Orpheum insolvency, a long doleful column of discouraging dividend announcements and the imminence of congress were too much.

After a final rally around noon, the whole list gave up and the good-night tables had a fresh string of losses ranging from 1 to 4 points or so to chronicle. Numerous trading favorites plumbed new lows for the bear market.

High grade industrials were the chief sufferers. Amusements were weak as a group and chemicals and utilities had no powers of resistance at all. Railroad shares showed a disposition to hold better than most other departments until well up in the afternoon when they, too, gave way, dropping 1 to 3 points more in addition to their steadily mounting losses of late.

Fear for Others.

The Wabash receivership naturally set up a train of speculation regarding the ability of other hard hit lines to weather the depression and there were prophets of gloom who professed ability to count off as many as a half dozen which might be expected to take the count before very many more moons have flown unless their earnings perk up in some unforeseen manner.

The Wabash stocks, as might have been expected, were subject to wide open breaks, the preferred A slumping to a new record low at 1⅞ and the common selling down as low as ⅜. Both issues later rallied, but the close found each of them floundering rather sadly, the common having lost two-thirds of its Wednesday value and the A stock able to show only about half its former rating. Incidentally, the day's low of 1⅜ on the A compares with the 1929 high of 104¾. The common in 1928 sold as high as 96½.

Pennsylvania Under Pressure.

Pennsylvania, which had a big stake in Wabash, was also under heavy pressure, particularly in the early dealings but held doggedly and at the close was showing a net loss of only a small fraction. Illinois Central sold to a new low on a loss of more than 3 points, and Rock Island also bumped a new bear market bottom on a similar loss, on its "bad" dividend news.

News of the filing of a receivership application against Radio-Keith-Orpheum corporation at Baltimore was followed by a wave of selling in the amusement group which sunk Radio, Warner Brothers, Fox and others to the lowest prices of the bear market.

MUNICIPAL BONDS, because of their exceptional safety, are the only bonds aside from instrumentalities of the Federal government which are accepted by the U. S. Treasurer to secure Postal Savings deposits — and many banks buy municipal bonds to deposit for this purpose.

These same bonds, on the security of which the United States will guarantee Postal Savings deposits, are also desirable for private investors.

A copy of the above booklet giving conditions for the acceptance of Bonds as security for Postal Savings deposits, will be sent gladly upon request.

Will you kindly rate Pacific Northwest Public Service company 6s, due 1950? Many thanks for any information.—J. L. B.

Pacific Northwest Public Service company, formerly Portland Electric Power company, is controlled by Central Public Service corporation. It supplies electric light and power to Vancouver and 100 western Oregon communities including Portland and Salem; gas to Seattle, Wash., and urban and interurban railway and bus service to Portland and vicinity. Early in 1930 control of Seattle Gas company was acquired.

Total operating revenues for 1930 were $15,620,346. Fixed charges, before depreciation, amortization, etc., were covered 1.67 times. In 1929 bond interest, after all charges, excluding results of Seattle Gas company, were earned 1.68 times, against 1.43 times in 1928 and 1.60 times in 1927.

At the close of 1930 consolidated balance sheet showed a funded debt of $16,180,000 for the parent company and $58,130,700 for subsidiaries.

The convertible 6s, due 1950, are a direct obligation of the company, but are not secured by mortgage. They are convertible into 25 shares of class A stock of Central Public Service corporation for each $1,000 of bonds at any time to Dec. 1, 1933.

The principal electric franchises provide no time limitations. The principal street railway franchises expire Dec. 31, 1933. They contain preferential rights to any new franchise that may be offered by the city.

The bonds are somewhat speculative.

WHEAT PRICES FIRM AT START, LOWER AT CLOSE

Break in Stock Market Weakens Grains.

BY CHARLES MICHAELS.

The wheat market made a determined effort to advance in the early trading yesterday, buyers being encouraged by a strong rally in sterling exchange and the fact that Liverpool made a full response to the upturn in North America late Tuesday.

The bull movement, however, failed to lift prices more than ¾c above the previous finish, and toward the last carried prices off 2¼@2¾c from the highest with the close about the bottom with net losses of 1¾@2c. December finished at 54c; March, 55¾@55¾c; May, 57⅝@57¼c, and July, 59⅛@58¾c.

Taken as a whole the greater part of the news on wheat was favorable to a higher level of prices, but this was more than offset toward the last by a sharp break in the stock market, and it was the action of the latter that caused most of the early buyers to get out of their lines. According to the gossip of the pit, commission houses that usually act for the cooperatives were good sellers on the early bulge, and put an effective check to a demonstration on the bull side.

Sterling Exchange Rallies.

The trade was prepared for another hectic day in the sterling exchange market and was not disappointed, although it reversed its recent action and advanced sharply after London had reported sales at a new low. Taking the extreme in quotations during the day in New York and London the difference in the exchange quotations was equal to 2½c per bu on wheat and there was little or no export business in consequence owing to the rapid fluctuations.

Buying against bids was a factor in checking the decline in wheat futures yesterday. Nothing further regarding the rumor of Tuesday that Russia was buying wheat in Australia, and it was not mentioned in Liverpool or foreign cables during the day. Damage reports were received from Argentina due to recent storms and the forecast there was for further unsettled weather. Buenos Aires closed ¾@1¼c higher with December showing the most strength, finishing at 41¾c. Liverpool closed ⅝@¾d higher, but owing to the rally in exchange the actual gain was 2⅜@2¼c per bu.

Lack of export business tends to create bearish sentiment among wheat traders. Liverpool December was 1¼c under the same future in Chicago at the time the former market closed yesterday. Winnipeg was easy with Chicago and on the lack of foreign demand and closed 1⅛@2c lower with December at 56c in Canadian currency, which was around 13½ per cent discount, making the actual price in American money around 51c.

Liquidation in Corn.

The recent upturn in corn apparently resulted in a weakened technical position. At no time except at the opening were futures as high as the finish on Tuesday and with liquidation and stop loss selling prices declined sharply and closed 1⅝@2¾c lower with the December leading. The latter was under pressure from the start with deliveries of 665,000 bu on contracts. Country offerings were small while Minneapolis was reported in parts of Illinois. December closed at 36¾c; March, 40⅜c; May, 42¼c@42¾c, and July, 44@44¼c. Buenos Aires finished unchanged.

Intimations from the seaboard that foreigners were inquiring for oats and barley failed to have an effect on the former grain, and futures declined in sympathy with corn and closed with net losses of ⅝@¾c. December being 24¼c; May, 28¾c, and July, 28¼c at the last.

Trade in rye was largely of a local character, with the market influenced largely by the action of wheat, the finish being 1@1¾c lower, with December closing at 42¾c; May, 47¼c, and July, 46⅝@46¾c.

CATTLE—Bulk of sales yesterday.

Top	$8.25@10.50
One week ago	5.90@11.75
One month ago	4.75@6.00
One year ago	7.25@8.60

Hog prices moved forward a trifle under heavy supplies yesterday, but the clearance was slower and larger losses were not so aggressive when they found a higher list of quotations. There were enough buyers to take care of the best grades of hogs at the higher level, but other kinds were dull at the finish. The extreme top and general average prices moved up to at $4.40 and $4.25, respectively.

All points reported liberal receipts, the eleven leading markets showing a total of 225,000 for the three days, against 351,000 a week ago, and 390,000 a year ago. More hogs sold at $4.35 at Chicago than at any other one price, though $4.40 was the popular price for hogs weighing 226 lbs and lighter. Several of the "river" markets sold top hogs at $4.10@4.20. St. Paul top was quoted at $3.90, the first of the 10 centers to go below the $4.00 line.

Sell December Hogs.

A contract for a carload of December medium weight hogs sold on the futures trade yesterday at $4.22. No. 1 maroon hide were made at $4.25, and there were many buyers willing to pay $4.20 for January contracts for hogs of any weight. May mediums were bid $4.35 and offered at $4.60. March contracts were also offered at $4.60.

The cattle market took another hard slump yesterday when arrivals exceeded all expectations and buyers came on the market with orders to save what ever possible to cheapen up on last week's purchases of high priced show "rejects." Purchases of that type was here yesterday, but some highly finished weighty beeves went to eastern order buyers at $12.50. Few sales were made above $9.50, and, with the exception of a few scattered sales, there was a dip in the price range between $9.50 and $11.50.

The short supply of prime steers is hardly equal to requirements for that class and some sales uncovered strength, but the rank and file of cattle declined unevenly. Some fairly good grades of cattle are selling as low as $3.00@3.90, but most stock under $7.00 lacks quality. Poorest grades of best cattle range downward to $4.00, the lowest they have been since 1909. In that year the low end of the steer price range was down to $3.50. Cattle receipts are running above normal. This week's total is expected to reach 90,000, only 8,000 under the largest weekly total since 1928.

Lambs Barely Steady.

A good supply of fat lambs came to the market yesterday and sellers were unable to hold the slight gain they had scored on Tuesday. Most sales were almost steady, but top lambs were 10@15c under the high point of the previous session.

City butchers and shippers paid up to $6.00 for fed westerns and natives, while packers refused to pass $5.75 for choice most of the good grades of that level. Aged sheep were steady and unchanged. Yearlings sold fairly. Feeder lambs held steady on the buying.

Receipts of live stock at Chicago today are estimated at 6,000 cattle, 34,000 hogs, and 13,000 sheep, against a holiday the previous Thursday and 6,873 cattle, 31,771 hogs, and 1,000 sheep a year ago.

HALSEY-STUART FILES BIG CLAIM AGAINST CHAIN

[Chicago Tribune Press Service.]

New York, Dec. 3.—One of the most voluminous complaints in the history of the New York Supreme court was filed today in the suit of Halsey, Stuart & Co. against the City Stores company, owners of a chain of department stores, for $2,500,000.

Halsey, Stuart & Co. set forth that the City Stores company on Dec. 1, 1928, issued 2,500 notes for $1,000 each on which it borrowed money. The notes, signed by R. J. Goerke Jr., vice president of the company, were all due yesterday, but no payment has been made on them, according to the complaint.

The complaint, which in printed form is three inches thick, makes a cause of action out of each one of the notes.

The nature of the proposal which Halsey, Stuart & Co. refused to accept from City Stores company for the extension of their notes was revealed to the stockholders of City Stores at a special meeting this afternoon. Benjamin Washer, chairman of the meeting, said that the last proposal made to the note holders was that they extend the loans and accept as collateral all the fres cash on hand of City Stores and its subsidiaries, together with the capital stock of the parent company and subsidiaries, this security to be divided among the three main creditors, including Halsey, Stuart & Co. Mr. Washer said that Halsey, Stuart & Co. refused to meet with the other creditors and discuss this plan.

Why pay more than Household's low rate?

The nationally known Household Loan Plan offers cash loans of $50 to $300 to husbands and wives at reasonable rates.

Household's rate on all loans above $100 is almost one-third lower than the maximum permitted by the small loan law. We voluntarily established this low rate in 1929 and our customers have benefited ever since. This rate remains the same until the loan is paid off. It does not increase as the unpaid balance decreases.

FOR EXAMPLE:
The average monthly cost of a $200 loan, repaid in 20 equal monthly payments, is $2.63. This is the lowest cost in Chicago.

Get the Cost in DOLLARS Before You Borrow.

Strictly confidential. Husband and wife only need sign. No endorsers. 20 months to repay. Quick service.

Commonwealth Customers Pay LESS for LOANS

$2.93 is the average Monthly Cost of a $225 loan under COMMONWEALTH'S Reduced Rate. This allows 25 months for repayment. There is no lower cost than this in Chicago.

COMMONWEALTH'S rate on amounts above $100 is substantially lower than the lawful rate usually charged.

THE personal property which nearly every family owns and the signature of husband and wife enable one to secure any amount up to $300 quickly and easily.

THERE ARE NO fees or deductions. You may take 25 months or pay all or part sooner. Interest, at the Reduced Rate, is charged only while you keep the money.
